### *Rifle Chairman Report – Bill Whitener*

The rifle range has the berms rebuilt, which will help to make the ranges safer- however we should all make sure that every round will stay inside the range area. It will only take 1 wild shot to cause Denton to lose the shooting privileges. Benchrest shooting is very active with a club match once per month - shooting 100 yd 1 month and 200 yd the next month - and a Reg match on June 21 & 22. We would like to have everyone come out with whatever rifle you have and shoot with us. If you need help with any aspect of your shooting - just ask anyone on the line and they will glad to help. If you may be interested in starting 22 Rimfire Benchrest matches - give me a call.

### *Pistol Chairman Report – Michael Conley*

We had our first club pistol match in March. We shot all types of steel, bowling pens, and paper all at 3 different distances. April match will be bullseye at 3 distances. Center and rim fire will be used. I will have 4 match target rim fires for those of you who do have one. I will also have several 9mm and 45 autos for general use. Please bring your own ammo. All our matches are informal and for fun. All ages and all pistols are welcome. If you have any ideas for the May match please let me know.

---

The pistol berms will be having maintenance work performed within the next few weeks. Exact dates are TBD, but will be posted on the web site and in the club house. Remember, all members are co-owners, we all share in the pride and responsibility of NTSA. I would also like to express my appreciation to Steve Hope, our web-master. Thanks Steve! Be safe and have fun. – Dan Nindorf
